EXAMINER'S COMMENT

1. Applicant is required to submit new drawings. The drawings filed August 8, 2001 are not in compliance with 37 CFR 1.121(d) because figures on separate sheets must be numbered separately, e.g, 1A, 1B, etc. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to this Notice of Allowance to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance. Additionally, Applicant is required to amend the Brief Description of the Drawings in Applicant's disclosure accordingly to reflect the proper figure designations which are in formal drawings when drawings are submitted.
